This text is very poorly written. It is unnecessarily obfuscating and jargon cluttered. If there are three terms with which to describe the exact same thing, Raven is sure to give you four. There are much better General Biology texts out there which I had to refer to because Raven makes such a muddle of things.

Biology by Peter H. Raven

The Biology 11th edition written by Raven and Johnson is a great book for general biology study available in (PDF) to get a print or download. The new Biology 11th edition by Raven and Johnson continues the momentum built over the last three editions. This Biology 11th edition book provides an unmatched comprehensive and text fully integrated with a continually evolving, state of the art digital environment.
