The Oxford Dictionary Of English  
Grammar , etymologically speaking, is  
related to glamour. Though few people  
might claim that grammar is glamorous in  
the modern sense, there is significant  
curiosity in British grammar today and no  
shortage of sentence structure books,  
ranging from small simple publications  
directed at children or elementary-level  
foreign learners, through more advanced  
manuals to good sized scholarly works.

Oxford Guide to English Grammar. The book Oxford guide to English grammar is thorough in its coverage but pays most attention to points that are of importance to intermediate and advanced learners of English, and to their teachers. It will be found equally suitable for quick reference to details and for the more leisured study of broad grammar topics.
