~~Anatomy, Physiology & Pathology  
| Reflexology, Swedish ...~~

Reflexology Course. Reflexology is a system of working reflexes in the feet and hands which correspond to every organ and gland in the body. It is used to bring about a deep level of relaxation and it is of particular benefit in dealing with congestion. This course teaches the location of individual reflexes on each foot and methods of pin-pointing certain reflexes for specific conditions.

~~ITEC Anatomy and Physiology |  
ReflexologyUK~~

Reflexology is a holistic healing  
technique that works on precise  
reflex points on the feet that  
correspond with all body parts.  
Reflexology applies pressure to a  
range of particular points on your  
hands and feet that correspond  
with all the organs, glands,  
tissues and muscles in your body.  
This helps improve circulation of  
blood, oxygen and 'qi' around the  
body, relieving stress and healing  
pain in other parts of the body.
